

FiiO

快速入门指南
Quick Start Guide

Model: M7

Buttons and Ports labeled/Operation explained

Power on/off

Hold the Power button to turn on the M7. Click to select the preferred language and the FM broadcasting region onscreen to enter main UI. Hold the Power button while M7 is on, a shutdown dialogue will pop up, and you can select to power off or reboot the player.

Charging

Charges to full in about 2.5 hours using a DC 5V/2A adapter (2A or above is recommended).

FM radio

Please insert earphones before using the FM radio on the M7; for the first time of use, it will search available radio channels automatically.

Gestures

Return to previous menu: swipe up from the bottom-left area of the screen.

Return to home menu: swipe up from the bottom-right area of the screen.

Firmware upgrade

Please download firmware on our website and follow relevant instruction to upgrade.

Notes and precautions

- ★Do not repair or disassemble the product by yourself and put it in water.
- ★Please charge the battery on a regular basis to secure the battery life if no use of it for long time.
- ★You might not able to hear the sound of the surrounding when using headphones. For your safety, please avoid using headphones in dangerous situation.
- ★The volume adjustment on the M7 will become invalid when the output is set to Line out, and the volume at Line out will be at its maximum level, which may bring damage to your ears and earphones ! So please unplug the earphones and connect to the suitable device before setting to Line out.
- ★It's recommended to use suitable charger in case of high-voltage adaptor causing damage to the M7.
- ★In the likely event that the M7 hangs up, you may hold the power and the play button for 10 seconds to force a reboot.
